This brief version of the authors' classic text retains the traditional outline for the coverage of descriptive and inferential statistical integrity of the subject. MINITABTM (Versions 12 and 13) is used exclusively as the computer package for statistical analysis in this text.

This text emphasizes the three major driving forces behind e-commerce: technological change, business development, and social issues, to provide a coherent conceptual framework for understanding the field.

We all know a successful brand when we see one. But why do some succeed when others fail? From Coca-Cola to Microsoft, from Ben and Jerry's to Reebok, The World's Greatest Brands looks at the histories of successful branding works, the latest trends in branding, and the tenets of successful branding, The World's Greatest Brands provides a table of the world's greatest brands, with an analysis of the success of brands in a number of different product categories, regions, and sectors. Including hundreds of glossy color photographs, this book will be instrumental to anyone interested in brands and how they can be created, sustained, and strengthened.
