We revisit Lipset ' s law, which posits a positive and significant relationship between income and democracy. Using dynamic and heterogeneous panel data estimation techniques, we find a significant and negative relationship between income and democracy: higher/lower incomes per capita hinder/trigger democratization. Decomposing overall income per capita into its resource and non-resource components, we find that the coefficient on the latter is positive and significant while that on the former is significant but negative, indicating that the role of resource income is central to the result.

Drawing from Eastern and Western literatures, Heinrich Zimmer presents a selection of stories linked together by their common concern for the problem of our eternal conflict with the forces of evil. Beginning with a tale from the Arabian Nights, this theme unfolds in legends from Irish paganism, medieval Christianity, the Arthurian cycle, and early Hinduism. In the retelling of these tales, Zimmer discloses the meanings within their seemingly unrelated symbols and suggests the philosophical wholeness of this assortment of myth. Copyright © Libri GmbH. Free your inner artist and explore your talent for storytelling in this specially designed sketchbook that already has manga panels set up and waiting for you to use! Use it as a rough draft or for final art!

Discover a healthy, new way of eating-paleo means cooking with simple, wholesome ingredients to create deliciously satisfying meals, including hearty soups and stews, meat-packed main dishes, fruit and vegetable dishes, and more. The Paleo diet isn't really a diet at all-there are no calories or carbs to count, no special foods to buy, and you'll never feel deprived. It's eating the way evolution intended. Book jacket.

This new edition sets banking law clearly against the background of general legal doctrines and discusses its operation in the context of its wider economic function. Although focusing on English law, considerable use is made of illuminating US, Canadian, and Australian examples as well. Part One examines the different types of banks and banking organizations operating in the United Kingdom and reviews the new regulatory regime for banking under the Financial Services and Markets Act 2000. Part Two analyses the banker and customer relationship, explaining the different types of accounts available, the duties and trustee liability of banks, and the latest processes used in the clearance of cheques and money transfers. Part Three then discusses issues relating to overdrafts, bank loans, credit agreements, securities, and mortgages. Fully updated and revised to take into account the considerable changes in banking law, regulation, and practice that have taken place in recent years, this edition contains substantial new material on the new regulatory regime, electronic banking and the implications of electronic money transfers, lender liability (including liability for environmental damage), recovery of mistaken payments, syndicated lending, and on tracing and banker liability as constructive trustee.

Astonishingly relevant portraits of the lives of seven women mystics Known to more than a million readers as the coauthor of the classic vegetarian cookbook Laurel's Kitchen, Carol Lee Flinders looks to the hunger of the spirit in Enduring Grace. In these striking and sustaining depictions of seven remarkable women, Flinders brings to life a chorus of wisdom from the past that speaks with remarkable relevance to our contemporary spiritual quests. From Clare of Assisi in the Middle East to Thérèse of Lisieux in the late nineteenth century, Flinders's compelling and refreshingly informal portraits reveal a common foundation of conviction, courage, and serenity in the lives of these great European Catholic mystics. Their distinctively female voices enrich their writings on the experience of the inner world, the nourishing role of friendship and community in our lives, and on finding our true work. At its heart, Enduring Grace is a living testament to how we can make peace with sorrow and disappointment and bring joy and transcendence into our lives.

A San Francisco Chronicle Lit Pick "Much of the book is astonishingly funny; the rest would break your heart." —Colm Tóibín Anne Enright is one of the most acclaimed novelists of her generation. The Gathering won the 2007 Man Booker Prize, and her follow-up novel, The Forgotten Waltz, garnered universal praise for her luminous language and deep insight into relationships. Now, in Making Babies, Enright offers a new kind of memoir: an unapologetic look at the very personal experience of becoming a mother. With a refreshing no-nonsense attitude, Enright opens up about the birth and first two years of her children ' s lives. Enright was married for eighteen years before she and her husband Martin, a playwright, decided to have children. Already a confident, successful writer, Enright continued to work in her native Ireland after each of her two babies was born. While each baby slept, those first two years of life, Enright wrote, in dispatches, about the mess, the glory, and the raw shock of motherhood. Here, unfiltered and irreverent, are Enright ' s keen reactions to the pains of pregnancy, the joys of breast milk, and the all-too-common pressures to be the " perfect " parent. Supremely observant and endlessly quizzical, Enright is never saccharine, always witty, but also deeply loving. Already a bestseller in the UK, Making Babies brings Enright ' s autobiographical writing to American readers for the first time. Tender and candid, it captures beautifully just what it ' s like for a working woman to become a mother. The result is a moving chronicle of parenthood from one of the most distinctive and gifted authors writing today.

Coloring Book For Kids: 45 Beautiful Llama Designs: Llama Designs for Kids from BlueSky Kids Press. This kids coloring book has 45 Llama designs to provide hours of fun, calm, relaxation and stress relief through creative expression. This fantastic and creative, youngsters picture book, is packed full of cool coloring pages full of kids' favorite animal Llama, and specially designed to be good for kids. All styles are written on one side, with a special black page behind, to help with removal for framing or show and minimize bleed through. If you're trying to find a seriously fun and totally cool coloring book, packed with amazing Llamas for a child who likes to color, then youngsters coloring books Llama Coloring Book is that the book for you! Moreover, single-side pages can be framed to display your masterpieces. Professional design. Premium glossy cover design, large 8.5" x 11" format.

Cotton Trading Manual (CTM) is the first work to provide a comprehensive reference source to the conduct of the complex international cotton market. CTM begins by looking at the history of the cotton trade, and then moves on to assess the current global picture, including a discussion of trends in the market, as well as production and consumption analysis. The third and fourth parts focus on trading in physical cotton and futures respectively. Finally, the last section deals with administrative and management issues within the cotton trade as a whole, such as contracts, insurance and risk management. CTM is an indispensable practical companion for all those involved with trading in this commodity. Comprehensive reference to the complex international cotton market Discusses the history of the cotton trade Assesses the global picture, looking at trends and production and consumption analysis
